FORMATION

E.E.S.T N°7 - Avellaneda, Bs. As. / 2012 - 2019

Finished my Senior High school year with a Programming Technician degree.
(Graduation date: December, 2019)

EXPERIENCE

eCommerce Project / 2019 - 2019

As my final year project I've created an ecommerce website which commercializes mobile phones.

This site counts with a sign up/login system, a CRUD, a great variety of filters, and a smart tool for recommending products to the clients based on their answers to a couple of questions.

This project was also made as a mobile app using Phonegap and a REST API connected to the main database.
